

Project Description

Strategy

Using the newest versions of the platform, themes, and plugins we were able to rebuild a better version of the website and very quickly saw positive results.

- 1-Using the Right Tools
- 2-Current Information & Media
- 3-Ongoing SEO optimization & Performance Hosting

Summary

Custom website to showcase Swiftrees' services to allow their customers a great tool when ordering. Swiftrees needed a functioning calculator for custom ordering.

Results

Upgraded website, hosting, and basic functionality for Forms to collect information needed to make their job easier to help the community.

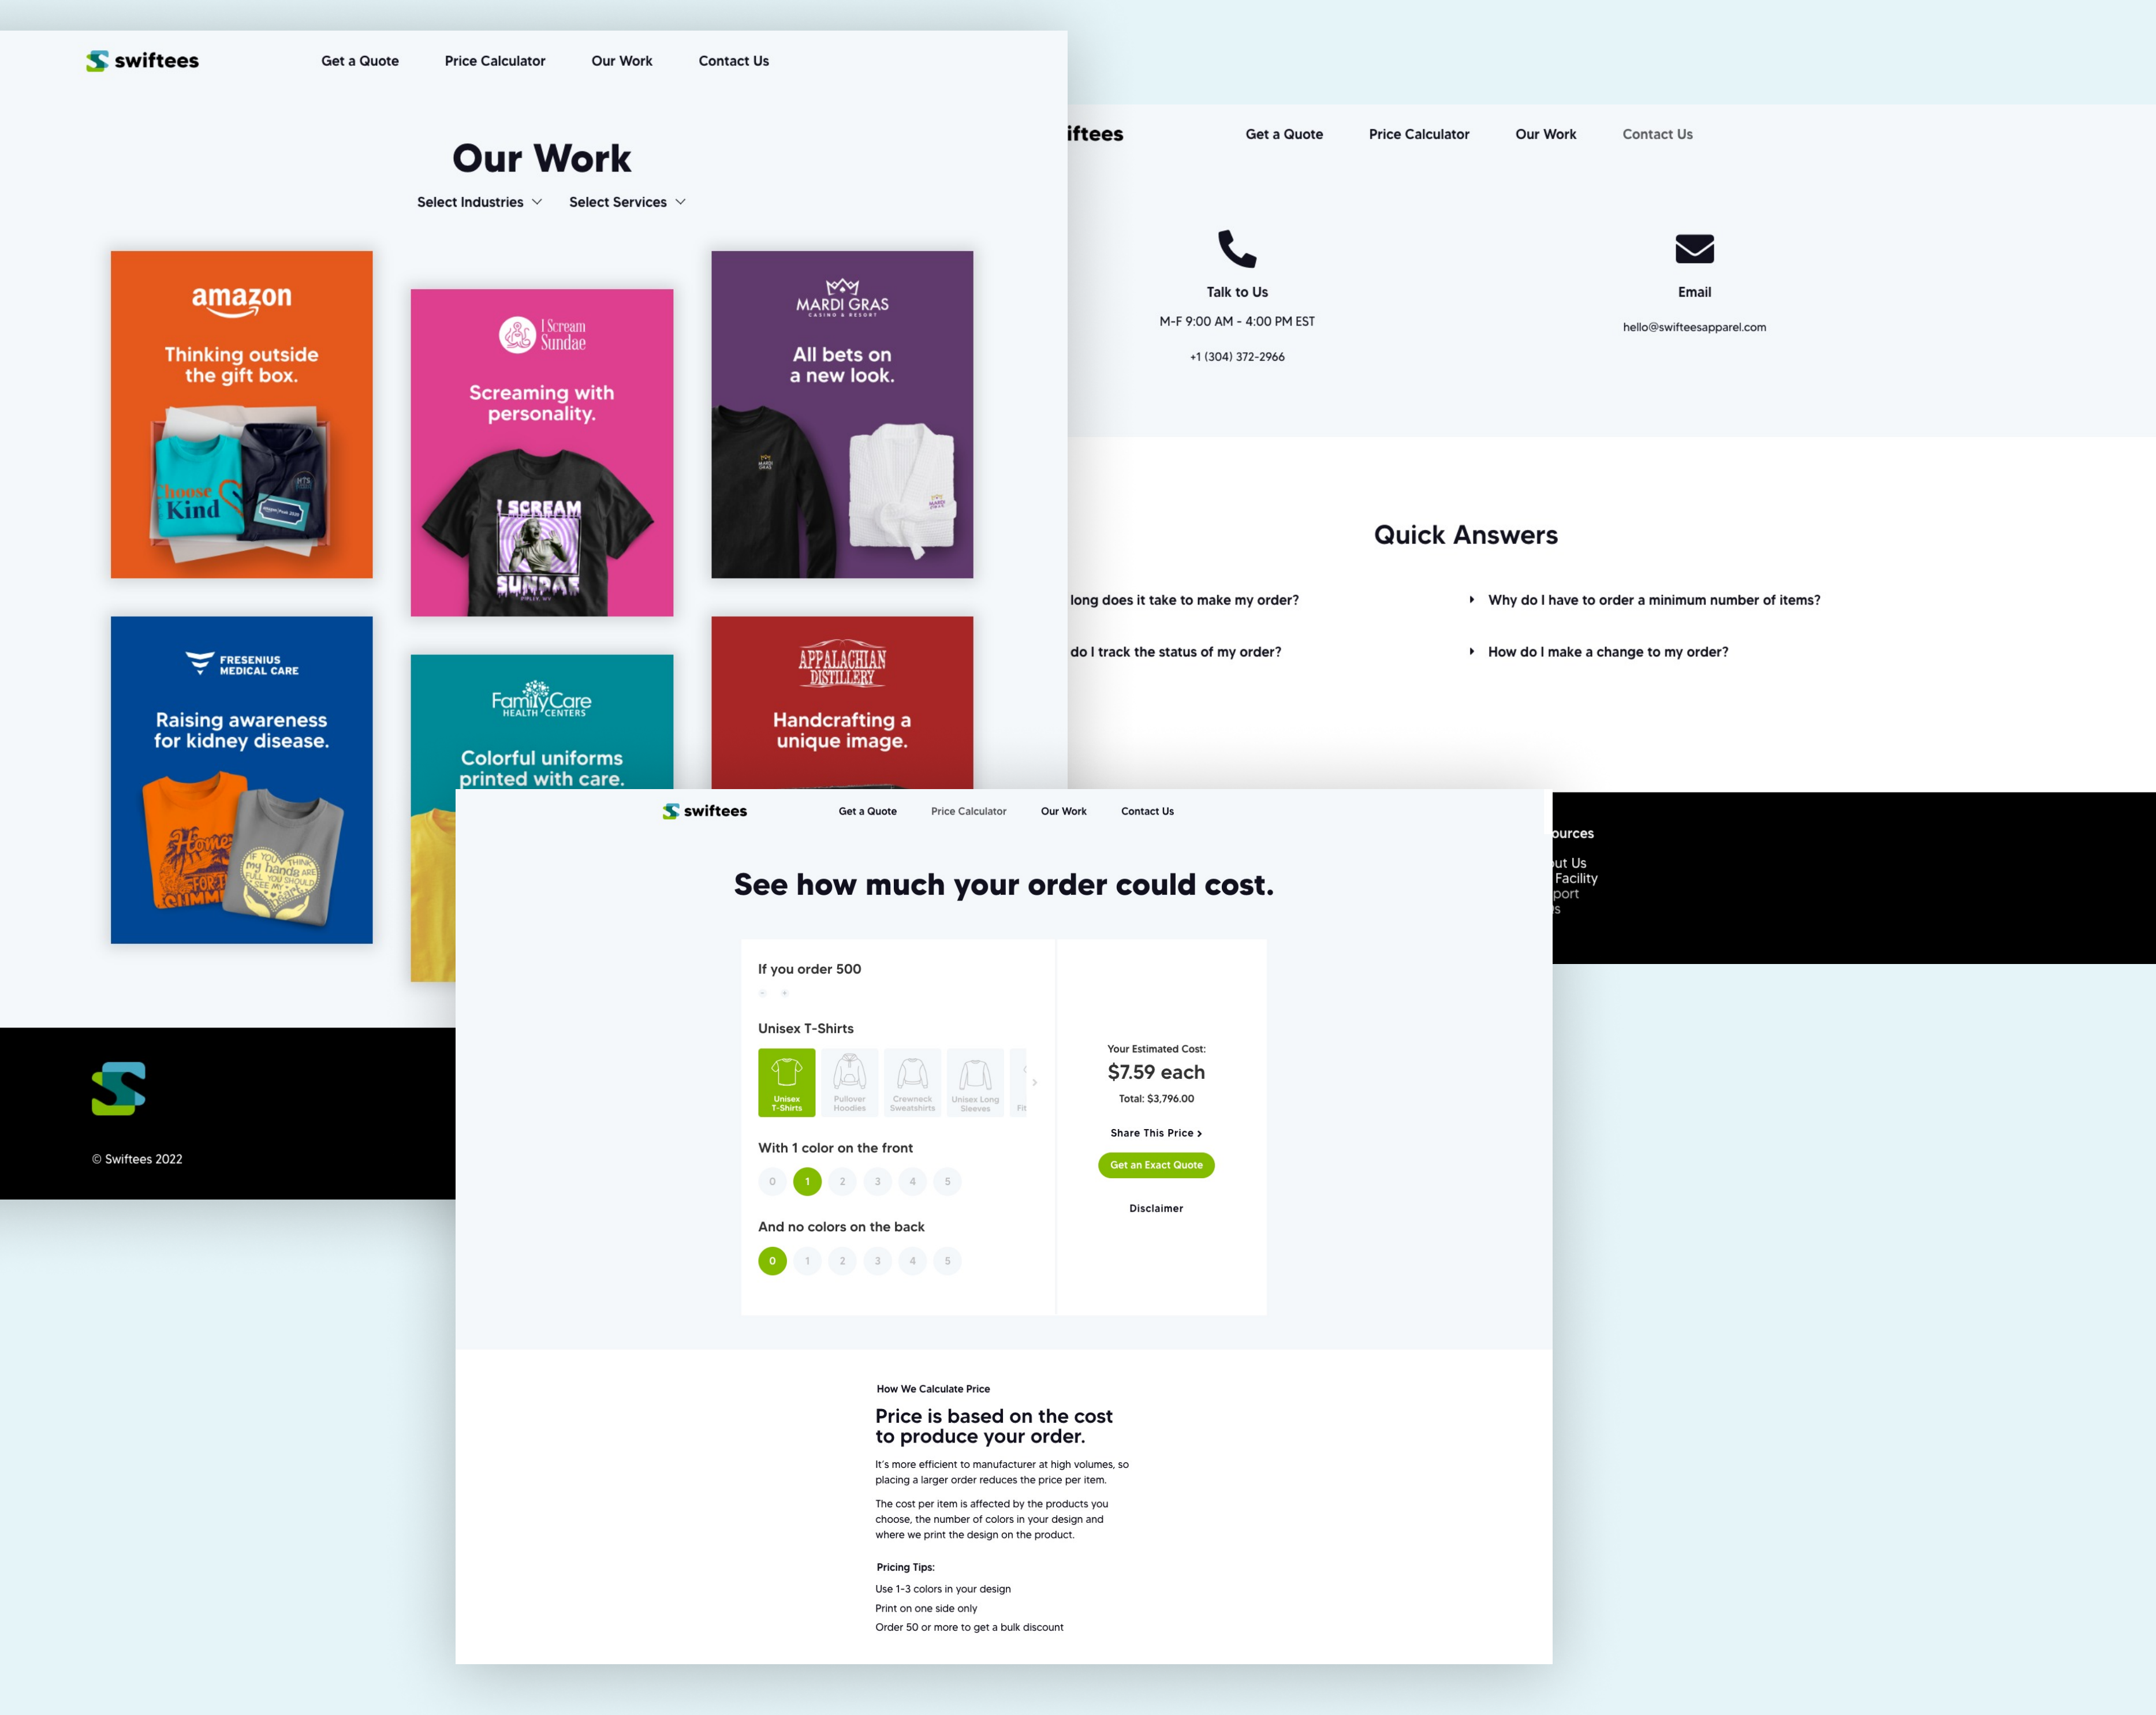

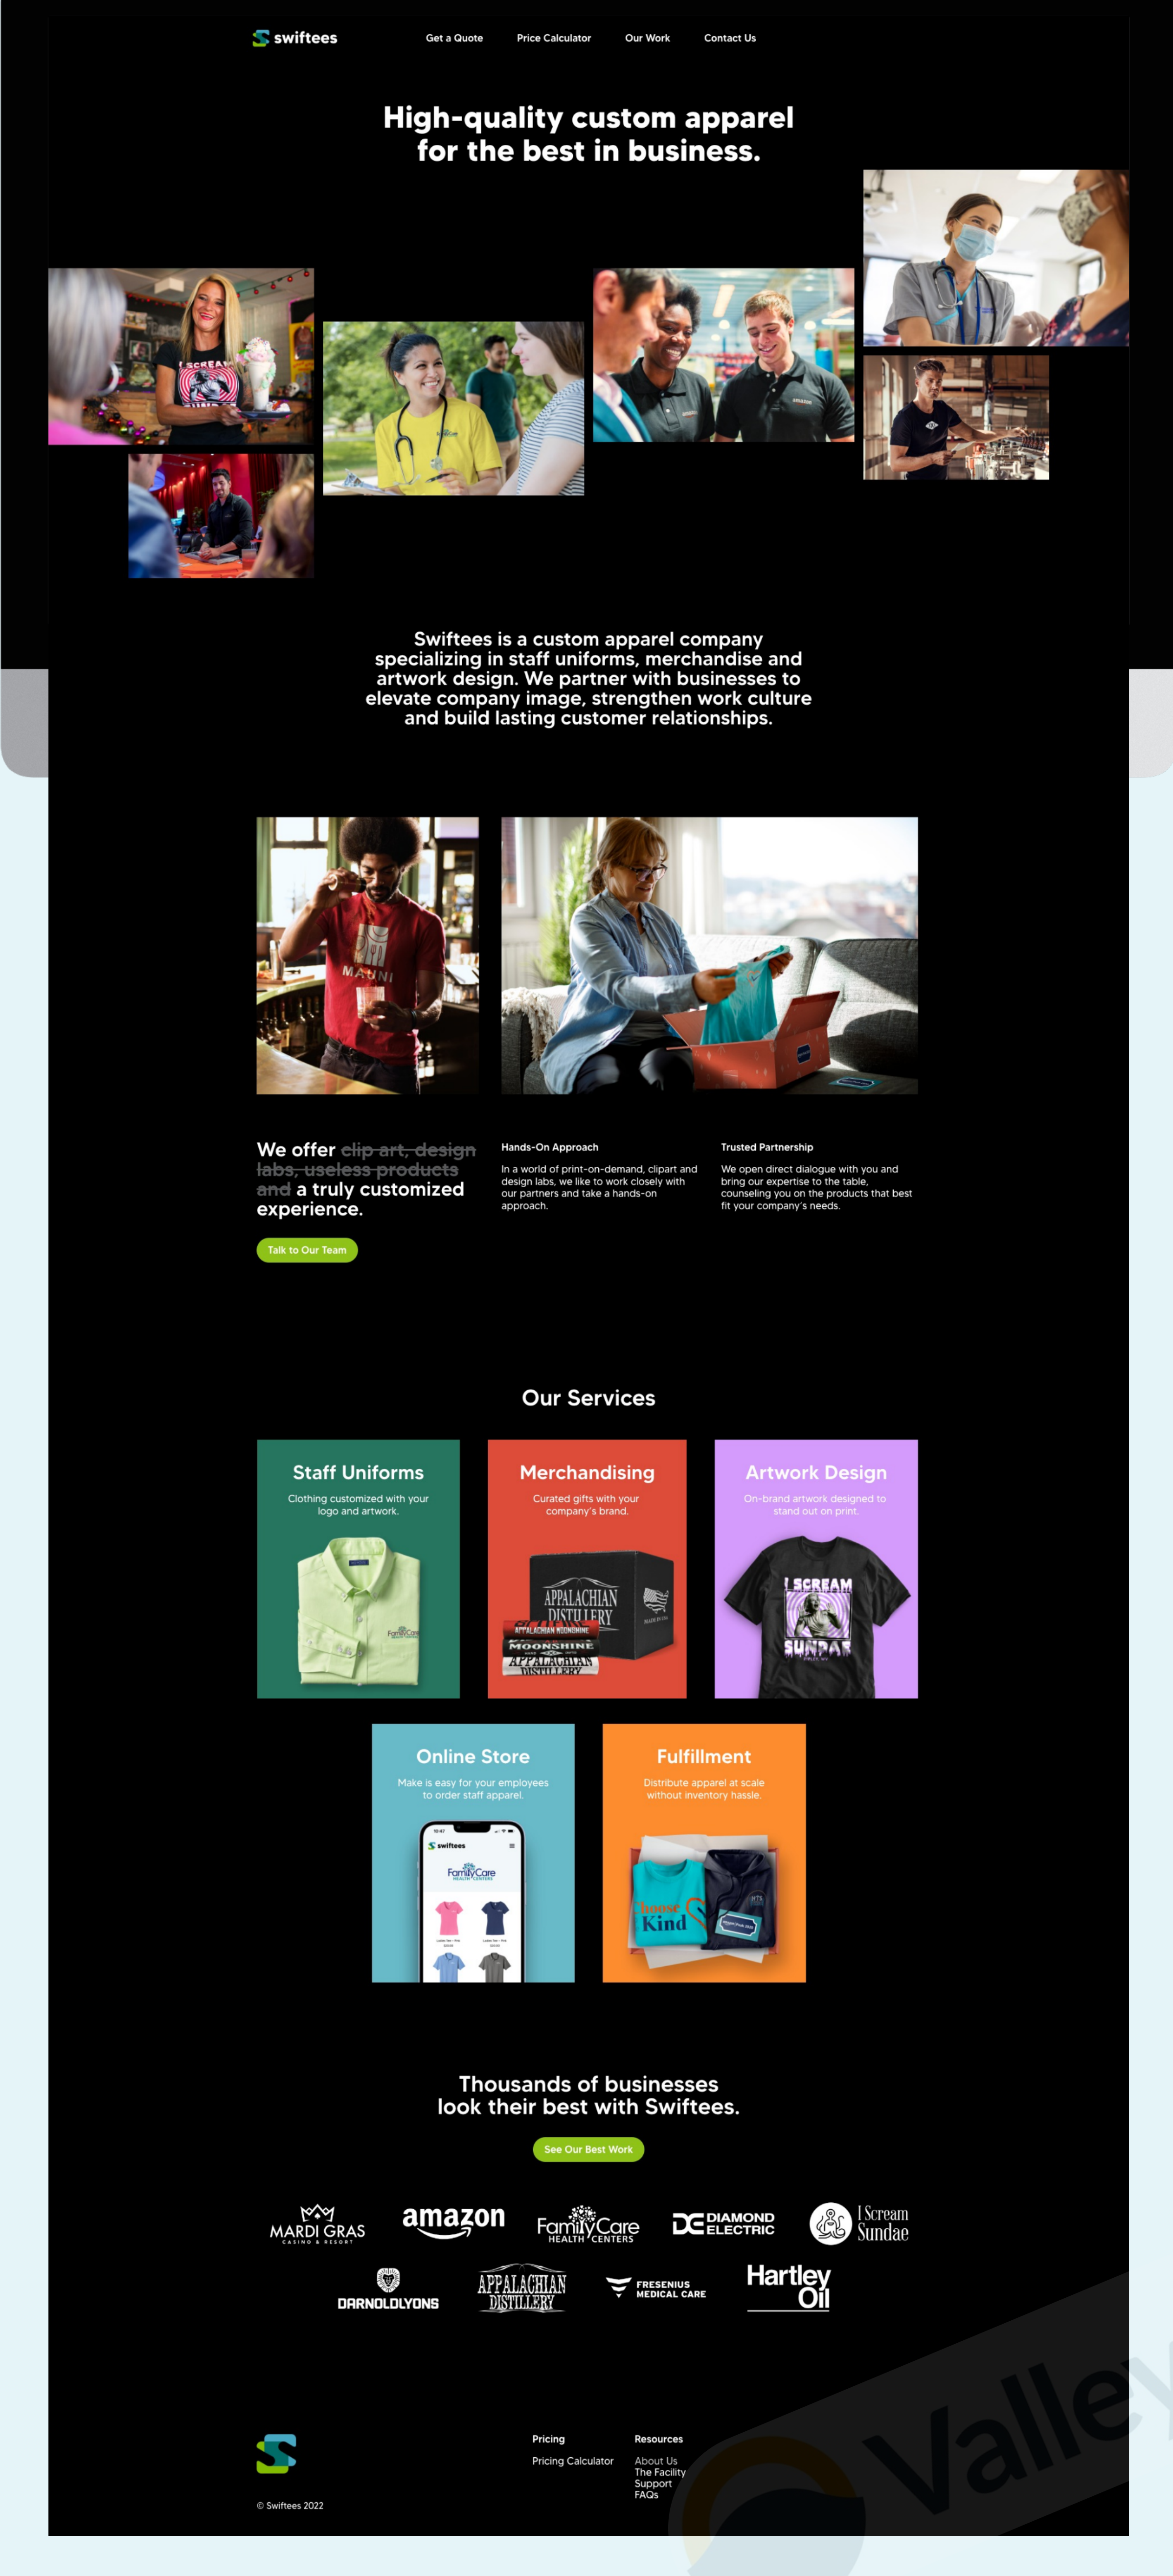

Timeline

Logo Identity

S + swiftees = swiftees
